octor Zub suggested that Spin and I take a turn at this monthly column. And so I, Slick, and...

Me, Spin. theoc kjus... whoops... thokm c kpipomw munxhsal...Sorry, I just fell apart there for a moment and my fingerfi, that is, my fingers... nkc,ms liopsn,ms..sorry, it happened again and...

Uh, let me interrupt you, Spin, and give you a chance to put yourself together again. Hey! That's not your arm, it's mine. Okay, now that he's settled, let me remind you folks that we are going to be here every month from now on and we'd love to have you share our adventures. They're going to be fast, furious and funny as heck.

Before we go too far, I think I ought to tell you a bit more about ourselves. Spin and I not only work together, we are best friends and roommates who share a bachelor pad on the side of that kind of unstable cliff behind me. (Maybe if I bend a little to the right, you can see it.)

It's true that we live near a nuclear power plant that has this big crack running down its side, but that doesn't give us one frightful moment.

Uh...speak for yourself, Slock, that is, Smicks, uh that is Slick, becouisue...

Well, okay, Spin, maybe an occasional frightful moment. (Uh, by the way, Spin, I think Dr. Zub just walked away with your head.) Uh, that's fine, Dr. Zub, he hasn't been using it much today. Heh, heh.

As I was saying, that big crack doesn't worry us much because, after all, if it ever does blow up, it'll only be another part of our job. Crash Dummies, especially Incredible ones like ourselves, are supposed to take the blasts and the blamms and the pows! And we've certainly had our share of them all.

Well, anyway, we both hope you like this second issue of our new comic magazine and want to tell you a little of what's coming up next time. Next issue, believe it or not, Slim and I become the Spectacular, Soaring, Stellar and Interstellar Space Dummies! This may be the most villainous plot the Junkman has ever hatched as he becomes the HONEST (Oh, sure) Junkman who is simply attempting to buy scrap metal and store it on his space station on the moon. Believe that, and I've got this great bridge in Brooklyn to show you!

Wait'll you find out what he really has in mind. I promise you this, this will be the wildest of all the adventures you've so far seen.

And till we see you then, please keep those letters and comments coming to us. (All those photos, too. Like the one of that cute Barbie doll from Philadelphia! Wowie!)

So say good-bye, Spin.

Uh...good-byeomn, Spins..that is, gOOd-bYEso...I mean...thkis..

Uh...I'll say it for us both. So long and see you next time.
